Application No. 10/660,163

**REMARKS**

The Applicant has read and considered the Office Action dated May 26, 2006 and elects Species 1, readable on claim 1, which has been amended. Claims 2-16 have been cancelled without prejudice. Claim 1 is currently pending.

Claims 5-16 were rejected under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim must be recited in the alternative and/or cannot depend upon another multiple dependent claim. As these claims have been cancelled, Applicant asserts that this objection has been overcome.

Claim 1 has been amended so that the expression "the said water tank" is changed to "the water tank" as proposed by the Examiner.

In view of the above, Applicant respectfully asserts that the application is now entitled to consideration by the Examiner. If the Examiner feels that a telephone interview may be helpful in this matter, please contact Applicant's representative at 514.987.6242.

Respectfully submitted,

ROBIC  
1001 Victoria Square Bloc E
